

Fully loaded coverage

Our AM Best rating of A+ (Superior) means we have the financial strength to be there when you need us.

In your industry, you need next-level coverage that fits your unique needs. That's where Nationwide® comes in. We understand the unique risks of the transportation industry and can provide the right coverage solution.

Service you can expect

We offer a specialized for-hire trucking program providing a full range of coverages, including Auto Liability, Auto Physical Damage, Cargo, and Truckers General Liability.

Become a part of our Protected Fleet.

Protect. Advocate. Defend.

These are the three pillars driving the telematics solutions available to our insureds. Receive Nationwide preferred pricing for best-in-class vehicle telematics technologies. Customers with dash cams repeatedly tell us they wish they'd had dash cams sooner. The footage exonerates their drivers for not-at-fault accidents and ultimately saves them money on their insurance premiums. Check out our telematics offerings at nationwide.com/ProtectsU.

We have your back.

Nationwide goes the extra mile to get our insureds back on the road after a covered loss. In this time of financial peril, often the value of a vehicle is lower than the amount owed to the bank. Nationwide offers Loan or Lease Gap Coverage to ensure that the insured can return to work as quickly as possible.

Extra-Mile Coverage

- Expanded towing
- Downtime loss expense
- Loan or lease gap coverage
- Personal effects coverage up to \$2,500
- Electronic equipment coverage up to \$5,000 for covered collision losses
- Debris removal
- Earned freight
- Broadened reefer breakdown
- Diminishing deductible
- Single deductible for combined physical damage and cargo losses
- Windshield repair coverage with no deductible
