Mile minimums (Fleet only)	Zero minimums	Complicated minimum-based estimation program
Intelligent personalized pricing	Personalized rates by matching price with risk	Traditional underwriting-based rates

See how one fleet made the switch from Great West to Nirvana and never looked back:

After a disappointing experience with Great West's loss control team, the insured sought out a true safety-first partner for their business. When Nirvana's Safety Manager demonstrated the <u>Safety Platform</u>, they were immediately impressed by its in-depth insights and personalized safety recommendations. They knew right then that switching to Nirvana was the right move. Today, as a Nirvana customer, they have peace of mind knowing they have top-tier coverage and a partner genuinely committed in the safety and success of their business.
