

Have you ever thought about the accounting department as a reason for doing business with someone? You may not realize how much you love (or need) such a fast and smooth process until you experience it firsthand. At Truckers Insurance Associates, we pride ourselves on this aspect of our service. With a reputation built on longevity, speed and flexibility, our accounting team is here to help you!

### **In all aspects of Truck Insurance, Longevity = Trust**

Our accounting department is staffed with professionals who have an average tenure of *more than 25 years* with Truckers Insurance Associates! They understand our clients' unique business needs, and tailor solutions to fit them. Plus, we're always here to pick up the phone and answer any questions you may have!

### **A fast and simple process – A leader in Commercial Truck Insurance**

Accuracy, transparency, and confidence are paramount in every statement we issue. Truckers Insurance Associates has honed our process to deliver you the best service to go with your policies.

- A clean format for statements – There's no confusion, you know exactly what is being invoiced for each policy.
- Speed – We make sure that all our invoicing is on time and payments are processed immediately, usually posting the next day. As with our quotes, this is another area where we work
- Privacy – Your sensitive information is of upmost importance to us. That's why we ensure that data is stored securely, and no information is provided to third parties, outside vendors or other counties – ever.
- A fast, accurate accounting process also means **commissions will also get paid faster!**

One of our agents from Missouri shares her take on the process at Truckers:

*"The accounting team has always been prompt and patient when helping us with all accounting items, which makes working with Truckers Insurance Associates a breeze! Whether it's new, renewal or endorsements Truckers Insurance Associates' accounting process is the best in the industry with respect to accuracy!"*

### **More than Trucking Insurance Quotes – Flexibility That Meets Your Needs**

We aim to meet you where you're at. Our team can adapt to help you and your business. Our financial flexibility shines through in many ways:

- Payment options – We understand that there are no one-size fits all requirements! When applicable, Truckers can assist with agency billing, direct billing, installment plans, and even financing, depending on your situation with us. Ask us how we can specifically help you!

***Leading the Way™***

- Payment Collection – Pay online via our agent portal (which has your current balance every day), call in, utilize direct deposit, or send in your payments by mail. We offer different methods based on your preference.
- A part of the whole process – Our invoicing is tied directly to the policies that are written, to ensure clarity in what we are billing for. You can receive copies by standard mail or e-mail, depending on your preference!

Invoicing and payments can be a headache, and at Truckers we strive to make that process as easy and painless as possible. You should be focused on the customer, and not the cleanup. Chief Financial Officer Jennifer Tekippe had this to say about our process:

*“Over the last 30 years, I’ve seen a lot of changes to the way we invoice and collect premiums. However, we remain constant in our desire to make the process as smooth and easy to understand as possible, and to be available to talk through any questions you have. A consistent procedure and good communication lead to success for all of us.”*

*Accounting Rockstar: Jennifer TeKippe*  
*Chief Financial Officer*

*Accounting Rockstar: Marie Blanchard*  
*Accounting and Administrative Manager*
